MEMORANDUM FOR DISTRIBUTION

THROUGH: JEFF SCHWEITZER
FROM: DEANNA BEHRING
SUBJECT: FOLLOW UP TO DECEMBER 19 MEETING

Thank you all for participating in the meeting on Monday--I think we are ready for an excellent and successful trip.

Attached is a revised agenda for the Joint Commission Meeting on January 16, 1995.

Please remember that we agreed to have briefing book submissions to Deanna at OSTP no later than COB, Tuesday, December 27. These submissions are to include the following:

- 1) One paragraph for Dr. Gibbons to include in his opening comments, and one paragraph for his closing comments. These paragraphs should highlight the key element in your agency's relationship with China or key accomplishment for your agency at the JCM.
- 2) One or two sentences to be included in the Joint Communiqué. (See attached for an example.)
- 3) A copy of the talking points your principal will use at the roundtable session at which he or she is speaking on Monday. (I have attached a list of key staff and their phone/fax numbers for the trip to help in the coordination process.)
- 4) A one or two page background paper on the US-PRC relationship in your agency's subject area. (Some of you will be able to use language from the strategy paper.)

Concerning the dinner on January 3, the invitation from the Chinese Ambassador is for principals only. The dinner will begin at approximately 6:30 or 7:00, depending upon how many delegation members will be able to attend. (The Ambassador may host the dinner at his residence if it is a small group.) Currently, only Jack Gibbons, Ned Ostenso, Dean Plowman, Phil Schambra, Jeff Schweitzer, and Martha Krebs have confirmed their attendance. If your principal is planning to attend, I must know by COB Thursday, December 22.

On January 4, we will hold a brief meeting for delegation and staff to pass out briefing books and discuss final logistics/arrangements. This meeting will be held in Room 422, OEOB.

at 3:00

Please send me by fax the names and birthdates of those individuals who will be attending no later than noon on January 3. At 3:30 in Room 345 OEOP, we will be hosting a CIA and State Department briefing for principals only. For those principals who can not attend, staff with Secret clearance will be allowed. Once again, please send to me by fax the names and birthdates for those who will be attending the 3:30-4:30 briefing.

Regarding visas, we have received notice from the Chinese Embassy that they are ready to process our visas for the trip. Robin Bordie has offered to coordinate this for us. Please have your passport to Robin or Michael at State (Room 4318/(202) 647-6774) no later than noon on Friday, December 30. If you do not have an official or diplomatic passport, you will need to fill out an application form. Please call Deanna on 456-6058 if you need a form. For those of you leaving early for Tokyo, you may want to process your own visa next week.

The manifest for the NASA plane has been determined. I will be contacting individuals directly. Everyone, however, should retain their commercial flight reservations.

Thanks again for all your help. Look forward to traveling with you!

Agenda

The 2nd Session of the Sixth PRC - U.S. Joint Commission on S & T Cooperation *in the*

Monday January 16, 1995

8:45a.m. Private meeting of Co-Chairs (Dr. Song Jian and Dr. John H. Gibbons)

Plenary Session-China World Hotel, Conference Room C

9:00a.m. Welcome and Introduction of Delegation
 -Dr. Song Jian, Co-Chair, China
 -Dr. John H. Gibbons, Co-Chair, United States

9:10a.m. Opening Remarks
 -Dr. Song Jian, Co-Chair, China
 -Dr. John H. Gibbons, Co-Chair, United States

9:30a.m. Review on the cooperation after the Sixth Meeting of the U.S-PRC S & T Joint Commission Meeting last April, and the opportunities for expanded Cooperation
 -Professor Hui Yongzheng, Vice Chairman of State Science and Technology Commission
 -Mme. Jane Wales, Associate Director of Office of Science and Technology Policy

10:00a.m. To discuss sustainable development techniques—agriculture practices, energy, etc.—and China Agenda 21

10:00a.m. Agriculture practices
 -Mr. Hong Fuzeng, Vice Minister of Agriculture
 -Dr. Dean Plowman, Agriculture

10:20a.m. Energy
 -Mr. Wang Rucheng, Vice Minister of Electric Industry; Mr. Fan Weitang, Vice Minister of Coal Industry
 -Martha Krebs, Energy

10:50a.m. Coffee Break

11:10a.m. China Agenda 21
 -Mr. Ye Ruqiu, Deputy Director of National Environmental Protection Agency; Mr. Gan Shijun, Director-General of Dept. of Social Development, SSTC
 -Dr. Ned Ostensio, NOAA

Jan 10

- 11:45a.m. To continue the above discussion *on the previous Thursday session*
- 12:00a.m. Luncheon, Dinning Rooms of A and B of China World Hotel, Hosted by Prof. Hui Yongzheng, Vice Chairman of State Science and Technology Commission.
- 13:30p.m. To Discuss cooperation in the field of space, and the document of cooperation to be signed by both sides
 -Mr. Liu Jiyuan, Administrator of China's National Space Administration
 -Dr. Dan Goldin, Adminstrator, NASA
- 14:00p.m. To dicuss cooperation in basic research and the importance of science education and exchanges, as well as the document of cooperation to be signed by both sides.
 -Dr. Zhou Guangzhao, President of Chinese Academy of Sciences
 -Dr. Neal Lane, Director, NSF
- 14:30p.m. To discuss cooperation in technology, and the document of cooperation in standards and metrology to be signed by both sides.
 -Mr. Li Chuanqing, Director of State Bureau of Technology Supervision
 -Dr. Mary Good, Under Secretary, Commerce
- 15:00p.m. Coffee Break.
- 15:15p.m. Presentations from Dr. Mary Good and Mr. Shi Dinghuan on the possibilities of cooperation in the field of the advanced materials.
- 15:35p.m. To discuss progress in the area of health since the First Session of the Sixth Meeting and prospects for future cooperation.
 -Mr. Gao Xishui, Deputy Director-General, Dept. of International Cooperation, Ministry of Public Health
 -Dr. Phil Schambra, Director, NIH
- 16:00p.m. Approval of the U.S.-PRC Communique of the Second Session of the Sixth Meeting of the U.S. -PRC S & T JCM and Signing of Protocols
 *to sign the communique of the Second Session of the Sixth Meeting;
 -Dr. Song Jian, Co-Chair, China
 -Dr. John H. Gibbons, Co-Chair, United States of America
 *to re-sign the Protocol on Cooperation in the field of Basic Sciences;
 -Dr. Zhou Guangzhao, President of CAS; Wei Yu, Vice Chairwoman of State Education Commission; Mr. Teng Teng, Vice President of

Chinese Academy of Social Sciences; Zhang Cunhao, Chairman of
China National Natural Science Foundation

-Dr. Neal Lane, Director, NSF

*to re-sign the Protocol on Cooperation in the field of Metrology and
Standards;

-Mr. Li Chuanqing, Administrator of State Bureau of Technology
Supervision

-Dr. Mary Good, Under Secretary, Commerce

*to sign the document of Cooperation in the field of Space.

-Mr. Liu Jiyan, Director of China State Aerospace Industry
Corporation

-Dr. Dan Goldin, Administrator, NASA

16:20p.m. Closing Remarks

-Dr. Song Jian, Co-Chair, China

-Dr. John H. Gibbons, Co-Chair, United States of America

16:40p.m. Adjourn

18:30p.m. Evening Banquet, hosted by Dr. Song Jian at the People's Great Hall

COMMUNIQUE

The United States - People's Republic of China Joint Commission on Scientific and Technological Cooperation met in Washington D.C., on April 12, 1994. The Commission was established by the 1979 Agreement Between the Government of the United States of America and the Government of the People's Republic of China on Cooperation in Science and Technology. The Joint Commission Meeting was co-chaired by Dr. John H. Gibbons, Assistant to the President for Science and Technology, and Dr. Song Jian, State Councilor and Chairman of the State Science and Technology Commission of China.

Dr. John H. Gibbons welcomed Dr. Song Jian and the distinguished members of his delegation to Washington, D.C. (delegation lists attached). Dr. Gibbons and Dr. Song highlighted the state of science and technology affairs in each country since 1987, the last meeting date of the Joint Commission. Executive Secretaries from both governments gave a brief overview of their meeting of March 2-4, 1994, in Washington D.C., where science and technology cooperation, including 27 protocols, between the two governments was reviewed and discussed (copy of report attached). Four examples of successful cooperation in agriculture and environmental sciences were highlighted as a means of demonstrating the mutual benefit of science and technology cooperation to both countries. Opportunities for expanded cooperation were presented and discussed, from both governmental and private-sector perspectives. Four illustrative areas were chosen to demonstrate opportunities for expanded cooperation: health (drug development for cancer and AIDS); environmental technologies; energy (clean coal, renewable, and energy efficiency technologies); and advanced materials (high temperature superconductors, rare earth chemistry, and automotive materials). Both sides expressed a desire to advance cooperation in the four areas listed, as well as others.

Symbolizing the importance of the U.S.-China science and technology relationship, two agreements were signed: Annex IX to the Protocol for Cooperation in the Field of Fossil Energy Research and Development Between the United States Department of Energy and the Ministry of Coal Industry of the People's Republic of China for Cooperation Between the Department of Energy of the United States of America and the State Science and Technology Commission of the People's Republic of China in the Area of Clean Coal Technology Utilization; and an extension of the Protocol on Cooperation in the Field of Marine and Fishery Sciences and Technology Between the National Oceanic and Atmospheric Administration of the United States of America and State Oceanography of the People's Republic of China.

After closing remarks, Dr. Song thanked Dr. Gibbons for hosting the meeting and invited the United States delegation to China for the next meeting.

Dr. John H. Gibbons
United States

Professor Song Jian
